Department of Defense Injury Compensation Credentialing Program

Be Recognized. Get Credentialed. Don't Wait! Register Today!

CALLING ALL FEDERAL HR PROFESSIONALS!

If you are an HR Professional within the Department of Defense (DoD), please consider this a personal invitation to register for and participate in the DoD Injury Compensation Credentialing Program alongside your DoD colleagues.

The DoD is unique among federal agencies in recognizing the importance and value of staffing subject matter experts in the administration of claims filed under the Federal Employees' Compensation Act (FECA). These subject matter experts, Defense Civilian Personnel Advisory Service (DCPAS) Injury Compensation Management Advisors, provide program management and claim specific guidance and support to Injury Compensation Program Administrators (ICPA) at the DoD component agencies we serve. This collaboration consistently results in year over year DoD component FECA cost savings that far outpace those of other federal agencies.

DCPAS injury compensation training covers a wide range of FECA topics that federal injury compensation professionals deal with on a daily basis:

- Program Fundamentals
- Laws & Regulations
- Case Management Best Practices

And the DCPAS class experience is second to none with:

- Interactive & Experienced Instructors (DCPAS Injury Compensation Management Advisors)
- Realistic Practice Scenarios & Exercises
- Helpful Job Aids & Reference Materials
- Opportunity for Collaboration with Peers

ICPA Level I Course (Beginner) Highlights:

FECA References	Chargeback Management
Record Keeping & Disclosure	ECOMP Usage
Continuation of Pay (COP)	Return to Work

ICPA Level II Course (Intermediate) Highlights:

Case Review Best Practices	Managing Complex FECA Claims
Light Duty & Job Offers	Indicators of Potential FECA Fraud & Abuse
Prohibited Dual Benefits	Other HR Matters That Affect FECA Claims

ICPA Level III Course (Advanced) Highlights:

Measuring Program Performance	Excel Filtering & Sorting Demo
Displaying Program Performance	DIUCS Advance Search Function
Program Review	Exercises to Help Understand Program Management Concepts
